Here are some edgy-ish screenshots I took of one of my favorite frames, Sevagoth

I don't know why but Sevagoth is one of my favorites lol. I used his captura scene + a filter and I think they look kewl.

more sevagoth □□

so ummm....

As the title states, more Sevagoth.

I was gonna post this one with the last post, but since the background differs it gets its own post.

I also had more I was gonna post on this page, but every time I try to upload them, my website complains "file too large" □□

maybe ill try to fix / add them someday, but that day ain't today □□

Mr. McButt □□

So my younger sister know as "ShmoopyDoopy" in Warframe, has a kubrow named Mr. McButt

Mr. McButt is a very good boy, so I took pictures of him.

(Mr. McButt has a very big butt, thus the name)

(Mr. McButt do squats with owner)

(Poor Mr. McButt is down! I was also down in this picture lol. Also don't worry, Mr. McButt was revived!)
