Happy New Years! 🗓️🗓️

In honor of 2022, Princess Pointy and Slice held a fabsome party! 🗓️

Who was at the party? Well it was just Pointy and Slice. Slice wanted to throw a large scale party, but Pointy refused since she payed for the place and has serious social anxiety. They still had a lovely night, and did a lot of dancing and ate too much cake (they may or may not have thrown up the next day)

Also my apologizes for posting this late (ahhh it's already February)
