Today's post is all about my usual makeup routine! usually my makeup routine takes about 15-30 minutes, and a lot of the products I use are pretty affordable!

here's the products I mainly use! ♡

1♡) Sunscreen!

I usually always start with sunscreen before I do anything else! usually, I do 1 finger worth of sunscreen, and i apply it all over my face! The product in the photo is from Aldi!

2♡) Eyeshadow!

This step is optional, I usually put on eyeshadow for church, or if I know I have something planned/if I'll be out all day. The eyeshadow pallets are by Nyx, usually I use the left one, but sometimes I use the right one and match my shadow color to my shirt. The purple product is and Urban Decay eyeshadow primer! I always wear put on primer before my eyeshadow because it helps the color stay on all day! The product on the

bottom left is an eyeshadow switching sponge from Dollar Tree, and I use it to switch the color on my brush!

here's my 2 favorite colors from the left pallet!

3♡) Eyeliner!

I definitely always wear eyeliner when I go out, and if I'm wearing eyeshadow, I do this step after my eyeshadow. Usually for my eyeliner I'll do a wing and I'll outline my top lash line. The one on the left is from L.A Colors, and I use it to draw my wing. The eyeliner next to it is from E.L.F and I use it to fill in my wing. Next to that is a Maybelline eyeliner I use to do my inner corner, and the last one is from L.A Colors and I use it to do my lash line!

4♡) Highlighter!

After eyeliner, I always add a bit of white highlighter in the inner corner of my eyes. My favorite product for this is the Ioni Phat Chubby Stick from Dollar Tree, but the L.A Colors Conceal and Correct Highlighter is also good!

5♡) Blush!

Usually for blush, I just use this L.A Colors lipstick, and I draw a W on my face. I then blend it out with a beauty blender.

6♡) Lip-gloss!

I always make sure to wear lip-gloss! Mu favorite is on the left, and it is the Maybelline Color sensational lip-gloss in shade 70, The Hard Candy lip-gloss in shade Macron is also good. The red Nyx Butter Gloss is Red Velvet, and the pink one is Vanilla Cream Pie. I use the Vaseline Rosy Lips for when my lips are dry/cracked.

7♡) Perfume!

This part technically isn't makeup, but I'll still count it as makeup. Every time I put on perfume, I always make sure to add Vaseline on my neck and wrists, then spray perfume to make it last longer! I also spray some on my clothes. My favorite scents are Champagne Toast and Whipped Rose and Vanilla from Bath and Body Works!
