

# Luci, Bean, and Elfo!

I drew Luci, Princess Bean, and Elfo from Disenchantment!

Since Season 4 just came out, I felt the need to draw the main 3 even though I had only seen the first 2 episodes of the new season and forgot the previous seasons ☹️

They all look really cute together! I even tried a new pen for the outline!

I love them all, but my favorite characters out of the three are Bean and Elfo. Elfo is just so dumb and adorable, and I love Bean's care-free attitude.
