CLUELESS □□ □ +♡□□ | what I thought about the movie!!

Clueless (1995)

My thoughts on the movie: This movie was awesome! At first, I was skeptical to watch it because I wasn't sure if I'd like it, but I ended up loving it! I love all the different turns it took, and the characters were

awesome!

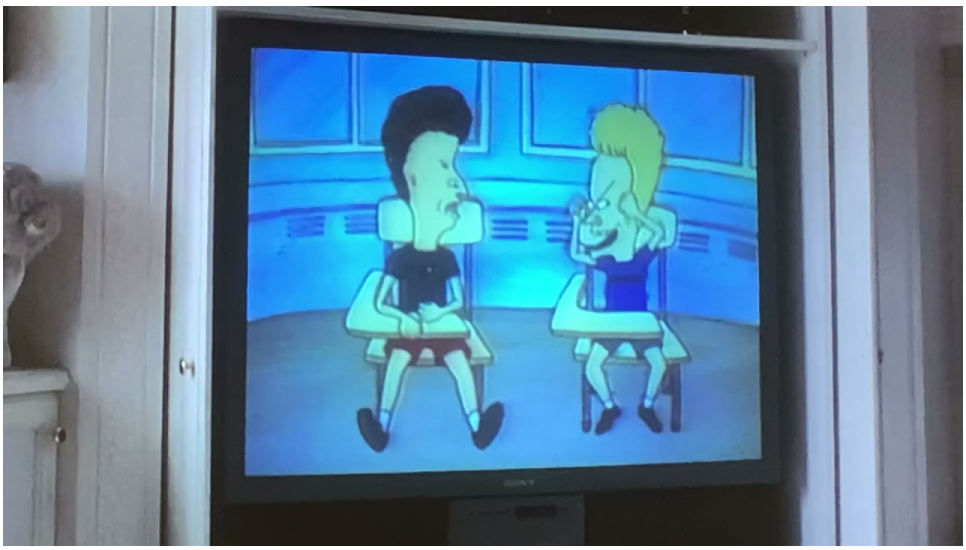

Cher and Dionne were so iconic, I loved their friendship!! <3

Tai and Travis were so cute, I'm so happy they ended up together!!

soooo iconic <3

I absolutely ADORE the fact that Cher was watching Beavis and Butthead!! she's so me<3

This dress was so pretty! I still can't believe the only high school boy Cher actually liked ended up being gay.

This scene with Dionne driving was so funny □□

I still find it so weird Cher and Josh ended up together, especially considering they're kind step siblings. I guess it's not too bad because their familial relationship to each other is kind of distant, and they're not biologically related. I guess the part I don't get is I never really saw a connection between them, so I don't really get why they're dating.

her closet is such a need!! <3
