

Doggy News! ?

When me and my sister where really little (I was probably like 8 when this was produced) we did a little green screen skit with our Pound Puppies!

To the left, you can see my Pound Puppy, Ashley and to the right will be my sister's, Coco! It is not the greatest skit ever created but I think its fun to look back on it, and I sounded so tiny and cute!

Here's the link in case you want to watch it

Maybe someday I can actually produce some quality skits starring my stuffed doggos...

Would anyone actually find that interesting? ☐
