Generation Zero: Bike Fails

Not too far back, I played some Generation Zero with my dad and younger sister!

The game is really fun, and one of my favorite things to do was intentionally crash my bike into walls and then take pictures

THAT TURN... □□□□□

WARNING: The following content has SPOILERS relating to Episode 2 of PSO2's story quests + Warframe: The New War! If you are not a fan of spoilers, please back away

YOU HAVE BEEN WARNED!!!!

Now that that is out of the way...

I have noticed a trait of video game villains...

THEY ALWAYS HAVE THE GROSSEST TURN!!!

Example 1) Theodor from PSO2 has a dumb turn

Example 2) In TNW, Ballas did the same turn...

Not only that, but both turned (literally and metaphorically) because of being brainwashed + trauma...

Just find it funny that two of my favorite games had similar villain's □□

The similarities end there however. Theodor gets a second chance and to see Ulku again (Ulku died btw), while Ballas dies and gets betrayed by Lotus... □□

Ballas deserved it though □□ He was a butt, tried world domination by brainwashing people with dumb veil things, and forced Umbra to kill his son... □□

Poor Theo was just dealing with the grief of Ulku's death and fell for Luther's nonsense □□. He never really had bad intensions I guess...

Either way, I hate them both...

My Lost Ark character, Lishiba! (+ my dad's character)

Recently, I got into Lost Ark!

Sooo, I thought I would show you my character!

Her name is Lishiba (pronouncd lee-she-ba), and she is a sorceress!

I love her so much □□

Maybe I'll play more Lost Ark when school isn't keeping me busy... □□

I also got a couple pics with/of my dad's character!

His name is Statch since he has a mustache!
