

random drifter camp stuff-

I used a bunch of those Lunar New Year posters you can buy on the market for 1 credit to build a couple of things in the drifter camp.

~~I also may have not bought 3,000 of them...~~

A little tent with some birbs chillin in it!

A pobber in a small hut! I wonder what he's saying to the kavats... ☐☐

A romantic picnic scene!

I'm not crazy, you're crazy!
